

Dear FCC,

I benefit greatly from listening to XM Radio and its Chicago-specific traffic and weather stations. XM Radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what information I receive for my money.

I respectfully urge the FCC to reject the NAB's petition 04-160, and I strongly support XM Radio's ability to provide local programming.

Sincerely,
Michael Koppel
